Legion Is All Set for Its 15th Summer Festival

Rides and Booths Go up on Carnival Grounds, Ready for Week-end

Rides and booths were being set up on the carnival grounds at the Antioch village park yesterday and today for the fifteenth annual summer festival sponsored by the Antioch American Legion post.

The festival will open Friday and will continue through Saturday and Sunday. On Sunday afternoon a patriotic parade will be a feature.

Members of the American Legion auxiliary and Junior Legion members are co-operating to make the affair a success.

Representatives of Legion posts in several nearby counties as well as Lake county are expected to attend, and the affair will also be open to the general public.

Refreshment stands, booths and games will supplement the carnival attractions at the festival.

Silverstein to Challenge Nango

"Ruffy" Will Meet Hindu Marvel Friday Night at Grayslake

Friday night, July 18, should be a banner evening for haters of the Hindu wrestler Nango Singh, for it is on that night he will try to wrest the Illinois State heavyweight title crown from Ruffy Silverstein, and squelch whatever other title aspirations the Jewish boy may have. This is the bout the fans have been clamoring for ever since the Hindu Hurricane stormed all over Karol Kauser, and left the Polish boy on the mat as limp as a politician's right arm. Singh is about the orneriest matman seen in this section and his string of triumphs at Grayslake include, in addition to Krauser, Gorilla Grubmeier, Eddie Virag and Von Schacht. Ed White, the Jewish boy's manager, only agreed to the bout when the Hindu signed a contract for a rematch within 30 days, if he is successful in winning from Ruffy.

An old favorite returns after several years absence in the person of Bobby Bruns. Bobby has been touring the world taking on all comers. He has appeared in European rings, as well as South African and South American. His opponent in the semi-windup will be Jim McMillen of Antioch.

Jack Claybourne, classy colored heavyweight, will meet Earl Malone of Boston in the main prelim.

An effort is being made to rematch the two speedy light-heavyweight boys who gave a performance last Friday that would put a couple of wildcats to shame, young Hackenschmidt and Gordon Hesse.

Fox Lake CCC Camp Will Continue to Sept. 30

CCC Camp SP-59 at Fox Lake will be continued until Sept. 30, in spite of a cut of more than 200 in the total number of camps, according to word received this week from Washington, D. C.

Reductions in the CCC appropriation for the fiscal year 1942 have caused a general curtailment of the CCC program and will result in more than 200 camps being closed.

In addition, a number of camps are being closed so that the companies they house—now engaged in state park or other "normal" work—may be used to help prepare military or other defense areas for use.

The company in the camp in Lake county is engaged in work in Chain O' Lakes State park. It will continue with the same general type of work throughout the period ending Sept. 30, according to present plans.

New Hotel Opens at Wauconda Beach

Completely remodeled, with all new furniture of early American design and with cocktail lounge, the Wauconda Beach Hotel has announced the opening of the new hostelry there this week.

The hotel is under the management and personal supervision of Mr. Al Evans, who for nine years was manager of the famous Spa on Route 20 midway between Michigan City and Gary, Indiana. Only the finest food will be served in the dining room, Mr. Evans announces. A new pier has been added, making swimming and boating available to guests.

The hotel is located on Route 176 one block east of Route 12 in Wauconda.

Antioch Assessment Roll Printed Today

The assessment roll for the town of Antioch appears in this edition of the News. The list contains the personal property assessments complete and the changes in real estate made since the last published valuation.

County Treasurer Gar Leaf advises that any property owner who objects to the valuation that has been placed on his property should file formal complaint with the Board of Review within ten days after the assessment roll is published.

Food Chain Adopts 5-Day Week Policy for All Divisions

Chicago, July 17.—John A. Hartford, president of the Great Atlantic and Pacific Tea company, today announced the adoption of the five-day work week for retail store employees as the company's national policy.

The five-day, 48-hour week, first in the history of the retail food business, was introduced on an experimental basis in A & P stores in a few eastern states two months ago, Hartford said, and will now be extended throughout the entire A & P organization "as far and as fast" as possible.

"Frankly, however, we must recognize," Hartford said, "that in a few states and some cities the introduction of this shorter work week may be delayed or even prevented by state and local labor regulations and local agreements."

In Chicago, Arthur G. Hoadley, president of the Middle Western Division, said that the shorter week will be in effect before Labor Day in A & P food stores in hundreds of communities throughout this area. He pointed out that the pay of employees affected by this policy will remain the same as for the six-day week and although employees will work only five days a week, stores will continue to serve customers six days as usual.

"The new schedule is the latest step in the company's traditional policy of creating and maintaining for its employees the highest wages, shortest general hours and best working conditions in the industry," Hoadley said. "During the past 25 years A & P has repeatedly broken with the traditional dawn-to-dusk working schedule of the food business, and since 1916 we have been able to reduce our store employees' work week by 34.2 per cent, or a total of 24 hours."

Schoolmates' Reunion Held at Fox River Park

About forty gathered at the Fox Park for a picnic dinner and re-union of former students and friends of the Wilmet Grade school and High school on Wednesday. An organization meeting was held and a name chosen for the group. From now on it will be known as the U. S. M.—United School Mates, and officers chosen were Miss Beatrice Duffy, Indianapolis, Ind., president, and Mrs. Oliver Mathews (Della Boulden) Antioch, secretary and treasurer. Another picnic will be held late in August at the Fox Park for the group. Present were: Mrs. Maude Vincent, Murdock; Mrs. Laura Loftus Ferry, Zion; Mrs. Mary Pacey Shales, Woodstock; Miss Beatrice Duffy, Indianapolis, Ind.; Mrs. Elizabeth Bushman, Burlington; Mrs. Alice Thompson Stevens, Spring Grove, Ill.; Miss Lillian Sanborn, Spring Grove, Ill.; Mrs. Edna McVey Wariner, Antioch; Mrs. Anna B. Hasselman, Burlington; Mrs. Blanche Kinneer Peterson, Wilmet; Mrs. Mildred Vincent Paddock, Salem; Ermine C. Carey, Wilmet; Mrs. Anastacia Condon Doherty, Kenosha; Mrs. Flora Phillips Westlake, Silver Lake; Mrs. Edith Schenning Hockney, Silver Lake; Miss Margaret Schenning, Wilmet; Miss Lillian Johnson, Elgin, Ill.; Mrs. Emma Kruckman Bartsch, Odesa, Florida; Mrs. Elizabeth Kruckman, Kenosha; Mrs. Nellie Dean Hanke, Antioch; Mrs. Katherine Nett Schenning, Wilmet; Mrs. Florence Dean Smith, Grayslake, Ill.; Mrs. Alice Hatch McDougall, Antioch; Grace M. Carey, Wilmet; Eda M. Bufton, Rosa M. Bufton, Kenosha; Mrs. Florence Mathews Zellinger, Mrs. Georgia McDougall Bufton, Silver Lake; Pearl G. Owen, Kenosha; Mrs. Ruby Sherman Bufton, Bassett; Mrs. Stella Jordan Gaggins, Salem; Mrs. Lulu Lampe Guthrie, Silver Lake; Mrs. Della Boulden Mathews, Antioch; Mrs. Louise Hockney Barter, Pleasant Prairie; Mrs. Mary Boulden Ganzlin, Wilmet.

Una Swafford and Marcel E. Kraft, both of Fox Lake, were married here early today by Justice of the Peace Joseph C. James. The couple will make their home near Antioch.

Election Violates Taxpayer By-Laws Fitzner Points Out

Gives up Office in Grant Taxpayers' League as Precedent

Expressing his continued support of the Taxpayer's Protective league of Grant township, and his regret that his acceptance of the office of president would conflict with a proviso in the by-laws, G. C. Fitzner of Long Lake has declined the office, to which he was unanimously elected at a recent meeting.

He sets forth his reasons in the following letter, a copy of which was received by the Antioch News:

Mrs. James R. Allan Secy. Taxpayers Protective League Fox Lake, Illinois Dear Madam:

While I am honored to have the unanimous support of the taxpayers in their recent organizational election of officers, I feel that in their enthusiasm, they have overlooked a proviso in the proposed by-laws referring to the qualifications of officers. This article provides, that as the Taxpayers Protective League is to be a non-partisan, non-political and non-profit organization, no person who has been a candidate for, or who has held public office, either elective or appointive, can serve as an officer of the league.

In view of the above provision I must respectfully decline the nomination and request that this letter be read at the next meeting and its receipt be recorded in the minutes to establish a precedent.

Although I am not eligible for official position, I wish to reassure you of my intention to keep on fighting for better government. It is obvious that the good people of this community are not in the minority, nor that they are indifferent to what is going on. As more and more of these good people learn the truth, so will public opinion become stronger and more determined. Then by intelligent voicing arrogant and predatory public servants can be defeated and eliminated.

Very truly yours, G. C. FITZNER.

Fitzner is president of the Union Electrotape company, Chicago.

Among the matters in which the members of the Taxpayers' Protective league and the electors of Grant township in general are particularly interested at the present time are the insistence on a four-year audit of the accounts of Frank J. Stanton, who retired last spring after a long period of service as township supervisor, and demands for the resignation of David Alexander, township assessor.

Both of these matters were discussed at the recessed session of the town meeting held in Ingleside last night. Appropriations of \$500 for employment of an attorney and \$500 for a four-year audit of financial affairs of the township were passed at the meeting. The levy, totaling \$5,680, is, however, \$205 less than that of the original draft.

Electors continued to express their determination to oblige Frank Stanton, former supervisor, to turn over all township records in his possession for auditing. They demand the resignation of David Alexander, assessor, on the contention that he had violated state laws by selling insurance to the town board and that he had withheld the sum of \$125 in rebates made to the township by the insurance company.

During a discussion on the bonding of township officials, instigated by A. T. Homer of Fox Lake, it was brought out that Harry Christensen, the new supervisor, is bonded for only \$12,000, while the law provides that he be bonded for twice the amount of funds he handles in a year, which exceeds \$12,000. It was also disclosed that former Supervisor Stanton and Assessor Alexander are acting as Christensen's bondsmen.

In Auto Accident

Mr. and Mrs. Eddie Van Patten had their car smashed on their way back to Tullahoma last week-end. About thirty miles north of Nashville, early Monday morning a car on their side of the road smashed head on into their car. The occupants of both cars were lucky to escape with only minor cuts, bumps and bruises. Mrs. William Gerber, and Mrs. Selmafer and her brother, a soldier from Camp Forrest, were in the Van Patten car. They finished the trip back to camp in a new car.

Threat of Labor

Labor should realize that when the safety of the nation is in jeopardy anything can happen. If the people are driven too far, they will be forced to demand a government dictatorship that will end labor dictatorship. And if that happens the eventual result will be a threat to the kind of freedom we have all enjoyed.—Mason County Democrat.

Hachmeister Named Festival Chairman

Oscar E. Hachmeister, junior past president of the Antioch Lions club was named chairman of the Festival committee at the dinner meeting of the club held Monday night at the Otis hotel.

This year's festival, which holds promise of surpassing all previous events staged by the Lions, will be held August 8, 9 and 10. Hachmeister will receive the aid of other past presidents including Dr. D. N. Deering, Ed F. Vos and Walter Scott, as well as the entire membership of the committee and the club. Final bookings of stellar acts for the festival will be completed at a meeting of the directors and committee members Monday night.

President Robert King, conducting his first meeting since his election and installation last month, was prompt and business-like, and many important matters were disposed of during the brief session.

Antioch Downs Barrington, 7-2

A hitting spree sprinkled liberally with extra base clouts brought victory here Sunday for the Antioch Aces over Barrington, 7 to 2. Five errors by the locals netted the opposing team 2 runs.

Next Sunday the Aces will play Glencoe at Roosevelt park in Glencoe.

Two calves, each weighing about 200 pounds, were stolen from the Leon Jensen farm about a mile south of Route 173, near the Des Plaines river, Monday night. Farmers are being advised to notify the sheriff's department if they notice strangers lurking about.

The body of James Clark, 21, which was recovered Friday from Round Lake, where he drowned July 6, was taken to Chicago for burial Saturday.

Youthful Actor Visits Here; Appears In Lake Zurich Plays

Eric Woodley, who is visiting his mother, Mrs. Lillian Williams, and his grandmother, Mrs. W. R. Williams this summer, was snapped up immediately upon a casual visit to the Lake Zurich Play house two weeks ago, and was cast in the opening play of the season, "An Ideal Husband," by Oscar Wilde. This week he appears in the main supporting role in the play "Vivacious Lady," playing the role of "Keith Beston," the bright young playboy of the piece. Woodley is best known to his friends as Dean Williams.

Mr. Woodley has had a wealth of experience in the east during the past 2 years, appearing at such well known "Strawhats," as the Ivoryton Playhouse in Ivoryton, Conn., where he played in "It's a Wise Child," with Milti Green; "What a Life," and "Gentle People." In the Rockridge theatre in Carmel, N. Y., he appeared in "Stage Door" with Jean Luce (Claire Luce's sister), and at the Starlight theatre in Pawling, N. Y., with Diana Barrymore, in a new play called "Moon Over Mars."

Other acting experiences in New York City with Hilltop Players—an experimental group doing new plays only—and at the Maverick Theatre in Woodstock, N. Y.—have rounded out his versatility and he should prove an invaluable addition to the talented group at Lake Zurich.

Performances will be given Friday, Saturday and Sunday, July 18, 19 and 20, at 8:45 p. m.

Rescue Squad to Hold Benefit Dance Aug. 26

The Antioch rescue squad is planning a benefit dance for Tuesday evening, August 26, at the Roller Rink tent, corner of Highway 59 (West Lake street) and Highway 173, Antioch.

A number of special features are now being planned for the affair, for which Clete Vos, chairman, Herman Rosing, Clarence Shultz, John Horan and Herman Holbek are the general committee.

Classes in first aid work for new candidates for membership in the rescue squad will be started immediately after Labor day. Persons interested in this work may register with Herman Holbek, captain; Herman Rosing, first lieutenant, or Walter I. Scott, second lieutenant.

Old Hotel at Fourth Lake Destroyed by Fire Tuesday

An unused hotel building at Fourth lake, known for many years as "Marie's Place," was destroyed by fire of unknown origin early Tuesday morning, despite efforts of the Lake Villa and Gurnee fire departments to save it. The building was owned by A. F. Hallman, Chicago. Mr. and Mrs. Hallman reported that several years ago a former employee had attempted to burn the building and had fired shots at them through a window. The ex-employee was later sentenced to a prison term, but may have been released since. The building was insured for \$3,000.

Proposed Air Mail Service Includes Antioch

Mercury Corporation Files Application for Contract Covering 5 States

Air Mail and Air Express facilities to Antioch and to 105 other cities and towns in five states are offered in an application filed by the Mercury Development Corporation of Indianapolis before the Civil Aeronautics Board in Washington, D. C.

The corporation asks permission to set up feeder routes serving communities in Illinois, Wisconsin, Minnesota, Iowa and Missouri. It would provide a daylight service, operating daily, enabling persons living in these states to take advantage of airmail.

Terminals would be at points now served by through airmail carriers, thus linking heretofore isolated cities with the United States air mail service from coast to coast.

Harold L. Plummer is president of the Mercury corporation; Ambrose M. Banks, vice-president in charge of operations, and William C. Gage is operations manager.

Air mail would be delivered by dropping it from the plane with special equipment and mail collections would be made by the plane traveling at 120 miles an hour through utilization of an air "pick-up," thus eliminating time for landing and leaving airports.

Reaction of local residents varied when interviewed on the proposal by Ollie A. Davis, the Mercury corporation's representative who was here the first of the week. Davis told the News that on the whole the sentiment was favorable, and that in his opinion use of the air mail service would increase rapidly when made available. His opinion is shared by Postmaster Roy Kufalk, who believes the present volume of air mail would be doubled immediately.

Under the proposed schedule of flights northbound mail would reach Antioch at 9:42 a. m., just 27 minutes after the takeoff in Chicago, and mail picked up in Waukegan would be dropped in Antioch six minutes later. The southbound lane would drop mail here at 5:33 p. m.

A Pick-up Station consists of two small poles about 20 feet apart and extending 20 feet above the ground. The pouches containing mail are placed in a patented bag that rests on the ground. To a fitting on this bag is permanently attached a loop of rope that passes through a spring clip at the top of each pole.

A boom is lowered beneath the airplane that has a hook on the lower end attached to a Nylon Rope that is connected to the pick-up unit. In executing the pick-up the aircraft is flown over the Pick-up station in such a manner that the boom passes below and between the tops of the poles. The hook engages the rope that is attached to the bag on the ground and is drawn into the plane. In making delivery a bag similar to the one picked up is dropped to the ground from the plane immediately before the pick-up is executed.

The Aircraft is equipped with a unit for absorbing the shock of the pick-up, with electric power to bring in the mail bag after the pick-up.

Headquarters is proposed at the Chicago Municipal Airport with flights scheduled to start at 9:15 a. m. daily, with all planes returning from their terminals to arrive in Chicago by 6:00 p. m. The total route length is estimated at 2,035 miles and Mercury officials estimate 1,513,957 persons in this area are not now on a regular air mail route would be benefited. Additional towns not on the proposed routes would be serviced by pickups from contiguous points serving as mailing stations.

The Mercury proposal sets out that seven Howard airplanes would be used in the service with adequate shops in Chicago. The Howards would use the Jacobs model, 330-h. p. engine.

The Mercury corporation's application lists five routes which are designated by letters A to E covering territory in the central states.

The fifth proposed route known as "E" is from Chicago to Wausau, Wis., serving Waukegan, Ill., Antioch, Genoa City, Wis., Lake Geneva, Elkhor, Whitewater, Ft. Atkinson, Jefferson, Watertown, Juneau, Beaver Dam, Waupun, Fond du Lac, Oshkosh, Appleton, Green Bay, Seymour, New London, Waupaca, Stevens Point, Wisconsin Rapids, Mosinee and into Wausau. Total length of this route is 398 miles.

Mercury officials in the application, point out that full C. A. A. air navigation facilities are now in use on all proposed terminals in their schedules. The daily carrier service would be similar to that operated by All American Aviation, Inc., in Pennsylvania, Ohio, and West Virginia.

Hitler "Shoots the Works"

in Red War Gamble

As one news commentator put it, Stalin is the last and most impressive example of the utter folly of trying to appease the one-time Viennese house painter who has become master of a continent. The Russians, obviously afraid, did everything in their power to mollify the Nazis. They signed a non-aggression and collaboration pact. They agreed to deliver to Germany considerable quantities of vital raw materials. According to reliable writers, they permitted German technicians to come into Russian industry in an attempt to speed up production and transport. They did nothing to prevent any of Hitler's territorial acquisitions. But all this was not enough. And the oft-repeated warnings of Winston Churchill at last came true—when Hitler was ready he struck at Russia, despite the pact, despite all pledges of friendship.

Hitler's spoken reasons for war against the Soviet are his usual ones—he claimed that Russia had not lived up to her agreements, that Russian agents were seeking the downfall of the Reich, and that he was simply acting to save Europe from the blight of Communism. No one believes that these reasons amount to more than an easy alibi for the wanton breakage of another treaty. Russia has in abundance what Hitler most sorely lacks—grain, to feed the German people; oil, to propel the German war machine. And, on top of that, if Russia could be destroyed as a military power, Hitler would no longer have to fear attack from the East. He could then concentrate all of his weapons for the final assault on the British Isles.

It is clear to anyone that Hitler has taken a gigantic gamble. Russia, as Napoleon found out, has been the graveyard of empire before. It is a vast land, and much of it is geographically and climatically unfriendly. In the Little Corporal's phrase, "Empires die of indigestion." And Russia is the biggest bite that any conqueror could attempt. Hitler certainly must have felt there was no other solution to his problems before deciding to give the marching order to his legions along the 1,700 mile front that extends from Narvik to the Carpathians.

From the military point of view, you can find about any opinion on the quality of the Russian army, you want. Russia gives out few figures concerning the Red army. However, it is generally believed that at least 12,000,000 men have been given military training and that, fully mobilized, her regular army, plus reserves, would total 5,000,000 or more. Estimates place her air force at 9,000 planes, though there is doubt as to their quality. It is known that she has gigantic quantities of tanks, motorized artillery and other mechanical arms, but, again, many think them of poor quality by comparison with the Nazis' tools of destruction. Of all the nations, Russia and this country are the nearest to being self-sustaining, so far as resources are concerned. However, Russian industry has been notoriously inefficient, and so she cannot make the most of what she possesses.

Even so, she is a tremendous antagonist for any power. And it is known that during the last year Stalin has been working feverishly to overhaul his forces. The morale-destroying political commissars who were stationed with army units and who had the power to overrule commanding officers, have been largely abolished. In truth, the Russian army has been reorganized much on the lines of capitalistic armies.

The poor Soviet transportation system may delay full mobilization for a month or more. But as time wears on, and if Hitler is not able to defeat Russia in a hurry, the Germans should find this campaign the most difficult they have attempted.

Mr. Churchill's finely-phrased speech of June 22 was of exceptional interest. No statesman has been more anti-Communist—he has fought the Soviet idea for 25 years. He said he would take nothing back that he has said before. But, he said, the one aim of British policy now is the complete destruction of Nazism. Therefore, he added, England regards Russia as an ally, and will give her all possible aid.

That is likely to be the attitude of our government, though it may not be expressed so frankly. Washington doesn't trust Moscow, and high officials have said lately that defense strikes were Communist-inspired. However, Mr. Roosevelt's policy, like Mr. Churchill's, is the overthrow of Hitlerism. In that endeavor, any ally is welcomed, especially so powerful a one as Russia.

If Hitler subdues Russia, he will have all he needs—the blockade will no longer be important, and he will have taken a long step toward mastery of Asia as well as Europe. If Hitler loses in Russia, he will be finished. The fate of much of the world may be decided in the wheat fields of the Ukraine, and the oil lands of the Carpathians.

We understand that last week a number of the resort keepers around Fox Lake were pulled for selling liquor without a license, the houses being Lakeside, Howard's, Mineola, Lippincott's and some others. We understand that last spring all of the resort keepers around the several lakes were notified that they would not be allowed to sell liquor this season, and the Fox Lake incident is perhaps only a beginning of the raids.

I am prepared to make switches, and keep switches for sale at my home in Antioch. Hair chains a specialty.

SOCIETY EVENTS

Valiere Wilton and Norman D. Manson Wed in Chicago

Only a brief honeymoon trip followed the wedding of Valiere Wilton and Norman D. Manson Saturday in Chicago, as they plan to leave in September for a trip through the west. At present they are apartment hunting in Oak Park, where they will live. Both are in the employ of the Revere Copper and Brass company, Chicago, and the bridegroom also conducts an insurance business.

Presiding at their 5 o'clock marriage service in Calvary Presbyterian church, Chicago, was the Rev. G. C. Crowell. The bride wore a powder blue crepe ensemble and carried a white Bible and orchids. Mrs. Wilson King, the former Lillian Overton, was her matron of honor, wearing pink crepe, with a colonial bouquet. Private Eugene Fiegman of Camp Forrest, Tenn., attended the bridegroom, who is the son of Mr. and Mrs. Henry B. Manson, Chicago.

Mrs. A. W. Wilton, 488 Lake street, mother of the bride, wore a summer sheer frock with a corsage of white lilies. Mrs. Manson was similarly attired.

A dinner for the wedding party was held in the Tropical room of the Lions club.

The bride attended Antioch Township High school. The bridegroom received his education at Oak Park High school and the University of Arkansas.

June Oglesby Becomes Bride of Gurnee Man

The bridegroom's cousin, the Rev. Everett Chamberlin of Chicago, officiated at the ceremony uniting in marriage Miss June M. Oglesby, daughter of Mr. and Mrs. Frank Oglesby, Lake Villa, and George Dale Chamberlin, son of Mr. and Mrs. D. G. Chamberlin, Gurnee, Saturday afternoon in the home of the bridegroom's parents.

The bride's gown was of white moire tulle in street length, and her bouquet was a corsage of sweet peas and baby's breath. Miss Nina Truax as her bridesmaid wore a yellow print frock and a corsage to harmonize. Henry Johnston of Zion acted as best man.

A reception was held after the ceremony and Mr. and Mrs. Chamberlin left afterward on a short honeymoon. They will make their home in Gurnee.

Mary Ruth Venn Will Wed Wilmette Attorney

One hundred relatives and intimate friends of the family were entertained by Mr. and Mrs. Paul B. Juhnke, at Venn's Island on Lake Marie in honor of their niece Miss Mary Ruth Venn, whose marriage to Mason Clarke of Wilmette, Ill., will take place Sept. 6.

The bride is the daughter of Theodore Venn and the late Mrs. Venn, and a granddaughter of Mrs. Charles Venn of Venn's Island. Mrs. Clarke is the son of Mr. and Mrs. F. M. Clarke of Wilmette, where he is a well-known attorney and also holds the office of justice of the peace.

The wedding will take place in Wilmette.

Marriage of Mae Masek, Ralph Kinrade Announced

Mr. and Mrs. T. J. Masek announce the marriage of their daughter, Mae to Ralph Kinrade, son of Mr. and Mrs. Fred Kinrade, which took place on July 9 at Richmond, Ill. The Rev. Francis E. Krantz of Richmond officiated.

Their attendants were Mr. and Mrs. V. T. Schennum of Chicago. Mrs. Schennum is a sister of the bride. The young couple took a trip through northern Wisconsin and are now making their home with the bride's parents.

ALL DAY MEETING HELD BY MILLBURN MAIDENS

A picnic luncheon was enjoyed by members of the Millburn Maidens 4-H club at an all-day meeting held last Thursday at the home of LaVerne Harkness, Loon Lake.

Demonstrations included one on belt stitching and turning, by Thelma Williston on buttonholes, by Lois Truax, and on inserting sleeves, by Shirley Wells.

Two extra meetings will be held by the club. The next meeting will be held at the Millburn schoolhouse July 19. Shirley Wells, club reporter, announced.

CEDAR LAKE PTA TO GIVE CARD AND BUNCO PARTY

A card and bunco party has been announced by the Cedar Lake P. T. A. to be given on Thursday, July 24, at two p. m. at the Cedar Lake school. There will be refreshments and prizes and tickets are 25 cents.

Wallace McIntyre, who is attending the summer session at Northwestern university, spent the week-end with friends here. Last week he had as his guest William H. radio operator on the British ship Warspite, who was in action at Narvik and Crete.

CHRISTIAN SCIENCE CHURCHES

"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 13.

The Golden Text was, "A new commandment I give unto you, That ye love one another; as I have loved you, that ye also love one another. By this shall all men know that ye are my disciples, if ye have love one to another" (John 13: 34, 35).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And he took bread, and gave thanks, and brake it, and gave unto them, saying, This is my body which is given for you: this do in remembrance of me. Likewise also the cup after supper, saying, This cup is the new testament in my blood, which is shed for you" (Luke 22: 19, 20).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Our Eucharist is spiritual communion with the one God. Our bread, which cometh down from heaven, is Truth. Our cup is the cross. Our wine the inspiration of Love, the draught our Master drank and commended to his followers" (p. 35).

Our Draft Army

The army we are building under the draft act is two or three times too large, and it is being trained for about a quarter of a quarter of the time it should be trained. Half a million men with three years of training and fully mechanized equipment, would be far more powerful as defenders of America than an army of two million men trained for only one year and partially equipped—Murphy says.

Not Easy

Building the social orders and political philosophies that are at odds with democracy and permitting democracy to have a place in the world without paying a premium for it, is not easy. The ultimate course we will take is very probably unknown to anyone today, but whatever course we do take must have the same background—acceptance by our people—Garland Democrat-Tribune.

Chicago (U.P.)—No longer will the army tank take seven soldiers, mix well, stir, and shake like a cocktail. The new M-3 tank, recently designed, will change the recipe.

The men will sit on cushions much like the modern bar stool and wear latex-cushioned crash helmets to further prevent face injuries and body bumps, the 18-foot tanks will be lined with 100 pounds of air-cell latex sponge. The gun turrets, hatches, recoil guards and ammunition clips will be covered with padding.

We see where Russia and Germany are fighting out the war in the newspapers. We bin hearing about it, and we just can't see where anybody is going to get much out of the war, outside of the makers of war supplies.

Which goes for Germany, too. Money that's blown up in gunpowder, sunk in ships or shot down in airplanes is pretty much a dead loss—and it takes a lot of labor to produce war supplies.

To say nothing of the dead loss in human life, and so on. Nations going to war are something like individuals going on a spree, blowing in their money, and getting into auto crashes, only on a bigger scale. May's time is going to prove us a poor predictor, but it begins to look to us kind like the dictatorships were washed up. A lot of the Germans took up with Hitler in the beginning because they thought he meant new hope for Germany, but it looks like he sold them out to the makers of armaments.

These dictatorships are somewhat reminiscent of a lot of swindles—they have to be made bigger and bigger and bigger to carry on the swindle—and finally the whole thing collapses. If the present state of world affairs isn't doing anything else, it's teaching people the value of freedom.

Maybe we'd better keep an eye on things at home, too, as well as abroad. We see by one of the Chi Trib editors—

This country is in the damndest train of governmental double dealing and deceit it ever experienced. It is a national misfortune that whenever Mr. Roosevelt publicly announces he will not do a thing he is at that moment preparing to do it. The European artists in perfidy swear falsely to deceive other peoples they intend to attack. The American government swears falsely to delude its own people, whom it proposes to lead, contrary to their will, contrary to their expressed determination, into a war into which they have been promised time and again, with the utmost solemnity, that they would not be led.

They are completely deceived. They are kept in the dark as to events. They learn by leaks in the official censorship that a destroyer has attacked a German submarine. They discover that Americans, with American materials, are building a base of some sort in Northern Ireland. They don't know whether these men are working for the British government or the American. All they find out is that the people of Northern Ireland are rejoicing in the presence of Americans whom they regard as allies.

Americans must feel that forces over which they have lost control are driving them remorselessly and steadily into war and that the checks supposed to be contained in their system of government are paralyzed. Their own

the beauty parlor operator was his wife.

She told of her frantic search, of spending all her money and finally of moving from Alexandria to New Orleans. She produced a picture of her son—a faded print of a 3-year-old boy.

Dees left for Vicksburg shortly after his first visit. But he promised to come back.

"Imagine," she said, "the thrill of getting not only one but two 'first' grandchildren at the same time—to say nothing of your first child and his bride besides!"

Leaflets Three Poison Me!
Ivy poisoning can ruin a vacation or a perfectly good holiday. Poison ivy is often mistaken for a wild flower, so watch for its easily distinguishable oval leaves, growing three on a stem. They are glossy or oily-looking and may be slightly or entirely toothed along the edges. When one is known to have come in contact with poison ivy, washing the hands immediately with soap and running water will often remove the poison before it penetrates the skin.—Batavia Herald.

Belated Recognition
Illinois' legislature has designated Abraham Lincoln's birthday as a full holiday for banks, public schools, and public institutions. Thus, 76 years after the close of the Civil war, the memory of the martyred president is to be accorded the recognition it deserves.—Carthage Gazette.

THERE WERE NO "KNIGHTS OF THE ROUND TABLE" IN KING ARTHUR'S TIME. Arthur's name and exploits are only found in romantic tales; the few historians of the time have made no mention of him.

NOW A 5-DAY WEEK FOR A&P EMPLOYEES THROUGHOUT THE NATION

Stores Will Be Open Six Days A Week As Usual

Two months ago this company tried the experiment in a few eastern states of a five-day work week for our retail store employees. Now we are able to announce that we have adopted the five-day week as our national policy.

- This, we believe, constitutes the first five-day week and the shortest general working hours of any major retail food establishment.
- This shorter work week will be in effect before Labor Day in A&P food stores in thousands of communities throughout the country. It will be extended as far and as fast as possible. Frankly, however, we must recognize that in a few states and a number of cities the introduction of this policy may be delayed or even prevented by state or local labor regulations or local agreements.
- A&P food store employees affected by this policy will work only five days a week although stores will be open six days a week as usual. Their weekly salaries will not be reduced by their shorter work week. Our policy is to continually improve working conditions and salaries as evidenced by the fact that during the past year alone we have been able to make actual wage increases and to pay added compensation to our employees in an amount totaling more than \$1,000,000.
- Many people are utterly astounded at the new low prices for quality foods in A&P Super Markets. They are getting so much more and better food for the same money that they wonder how we can do it. Frankly, it is simply because A&P Super Markets represent a new, more efficient, more economical way of distributing food to the public.
- This new, shorter week is still further evidence that the tremendous savings you can now make in buying groceries, meats and fresh fruits and vegetables in the great, new A&P Super Markets are made possible by savings through efficiency and that no part of these savings comes out of the wages of our employees.

FOR many years it has been a source of pride to us that we have been able generally to maintain the highest average wage scale and the shortest general working hours in a field where long hours have been traditional. Since we first cut the work week eight hours in 1916, there has been a long record of further reduction in hours, increases in wages and vacation schedules.

Because our new low prices have resulted in increased patronage, we have been able to further reduce our operating expenses and increase our efficiency and still further improve the working conditions of our employees.

At the same time thousands of families will testify that they buy their foods today at lower average prices in A&P Super Markets than in any group of stores in the highly competitive retail food field. Today, when you spend a dollar in one of our stores, more of that dollar actually purchases food and less of it goes to cover distribution costs and profits than ever before in the history of the food business.

There is no conflict between low prices and good working conditions. We have achieved both by constantly improving methods of bringing food from producer to consumer, cutting

out waste and unnecessary handling operations along the distribution route.

The new A&P Super Markets have made possible savings so astounding that we would not have believed them possible five years ago. This year we are paying the highest wages for the shortest work week in the history of the food business and yet our customers throughout the country will save more than \$50,000,000 on the food they buy as compared to the lowest prices we could charge on the basis of our own operating expense only five years ago.

We are more than ever conscious, in these unusual times, of an obligation to make every possible contribution to the American standard of living. We know that we are making it possible for the average family to buy more good food for the same money, or to buy the same quantity of food for less money.

We are happy to tell you that you can enjoy these savings with the knowledge that the people who serve you in our retail stores are sharing more than ever before in these good things. This means a better standard of living for you and for those who serve you.

This plan will necessitate slight adjustments in store hours which will be announced locally. We respectfully ask our customers for their cooperation and assistance in making this new schedule a success.
